Description :

PDF-58672 | From its origins at the end of the 1830s, photography has never ceased to evolve both aesthetically and technologically. The past decade has given rise to the new age of digital photography, so *Looking at Photographs*, first published in 1991, has been revised and updated to define and illustrate terms from the earliest processes to this new technology. At once a rich and informative glossary and a... *Looking at Photographs: A Guide to Technical Terms, Revised Edition*
